Mind Maps for Business

Price per Unit (piece): \$27.27

Revolutionise Your Business Thinking and Practice

'Mind Maps for Business' is the groundbreaking new book written by Tony Buzan and Chris Griffiths, CEO of ThinkBuzan. This definitive guide will show you how Mind Mapping can help you develop superior capabilities in core thinking skills. Learn how to apply this revolutionary thinking tool to a variety of practical situations: from negotiation, to presenting, to leadership, to goal setting.

The book is packed with invaluable tips and insights, and includes inspiring case studies from the world's top organisations. This book will help you to think clearly and creatively, make assertive decisions and develop powerful and profitable strategies. 'Mind Maps for Business' is mandatory reading for anyone wanting to get better results whether at home, within education or in the workplace.
